

ZINGASOLV

ZINGASOLV is a solvent used for the dilution of selected ZINGA coating products and can be used for degreasing and cleaning of metal surfaces and paint application equipment.

ZINGASOLV can be used to dilute ZINGA, ZINGALU, ALU ZM, ZINGALUFER and ZINGATARFREE, and is also suitable for diluting ZINGACOLOR and ZINGAFINISH. When used for dilution, ZINGASOLV ensures optimal viscosity and application properties of these products.

ZINGASOV consists of C9 aromatic hydrocarbons manufactured to high quality standards. It does not contain detectable quantities of polycyclic aromatic hydrocarbons, heavy metals or chlorinated compounds. ZINGASOLV is not classified as carcinogenic, mutagenic or toxic for reproduction (CMR), nor as a PBT or vPvB substance.

PHYSICAL DATA AND TECHNICAL INFORMATION

WET PRODUCT

Components	Hydrocarbons, C9, aromatics
Density	0,876 kg/dm ³ (± 0,05 kg/dm ³)
Flash point	≥ 40 °C to <60 °C
Colour	Clear colourless liquid

CONSERVATION

Shelf life	Minimum 5 years in original, unopened container.
Storage	Store in a dry, well-ventilated storage area between +5 °C and +30 °C.

PACKAGING

1 L	Available, packed in undividable boxes of 6 x 1 L
5 L	Available
25 L	Available
200 L	Available

HEALTH & SAFETY

Always wear appropriate personal protective equipment (PPE) such as safety gloves and goggles. In case of insufficient ventilation, wear suitable respiratory protection.

For detailed information about the health and safety hazards and precautions for use, refer to the ZINGASOLV safety data sheet.

For more specific and detailed recommendations concerning the use of ZINGASOLV, please contact the Zingametall representative / distributor.

The information on this sheet is merely indicative and is given to the best of our knowledge based on practical experience and testing. The conditions or methods of handling, storage, use or disposal of the product cannot be controlled by us and are therefore outside our responsibility. For these and other reasons we retain no liability in case of loss, damage or costs that are caused by or that are linked in any way to the handling, storage, use or disposal of the product. Any claim concerning deficiencies must be made within 15 days upon reception of the goods quoting the relevant batch number. We retain the right to change the formula if properties of the raw material are changed. This data sheet replaces all former specimens.
