

## SKYPLAZA – HONG KONG INTERNATIONAL AIRPORT – CHINA

**Hong Kong International Airport** is the main airport in Hong Kong. It is colloquially known as Chek Lap Kok Airport, being built on the island of Chek Lap Kok by land reclamation.

The airport opened for commercial operations in 1998 and is an important regional trans-shipment centre, passenger hub and gateway for destinations in Mainland China and the rest of Asia.

SkyPlaza is a large entertainment and retail centre that is housed in Terminal 2 of the airport. It houses numerous offices & shops.

In February-September 2007, **ZINGA** was used to coat weld seams of hot-dipped steel members. In total, 400 kg of **ZINGA** was used.

**System:**

ZINGA 2 x 40 µm DFT
