

## YAN'AN FREEWAY – SHANGHAI – CHINA

**Yan'an Elevated Road** is an elevated expressway in the city of Shanghai, China. It runs in Puxi in its entirety, from Hongqiao International Airport to The Bund and the newly constructed Bund Tunnel.

Motorists continuing east can cross the Huangpu River using the East Yan'an Road Tunnel to Pudong. Construction on the first portion of the elevated roadway, from the Inner Ring Road to Hongqiao Airport, began on 28 November 1995 and was completed on 2 December 1996.

In August 2001, **ZINGA** has been used on steel girders of the inner ring of Yan'an freeway.

### System:

ZINGA	1 x 40 µm DFT
Epoxy MIO	1 x 30 µm DFT
PU	1 x 60 µm DFT
