

ABU QIR FERTILIZERS – EGYPT

Aanbevelingsbrief van 05-05-2005 van **Abu Qir Fertilizers Co.** waarin wordt bevestigd dat ze **ZINGA** de afgelopen 3 jaren in zeer gecorrodeerde omgevingen hebben gebruikt en dat **ZINGA** verzinkende eigenschappen heeft.

Ze bevestigen dat **ZINGA** hen volledige tevredenheid heeft gegeven, wat ze niet konden vinden bij andere producten, zelfs niet bij thermisch verzinken.

**Abu Qir Fertilizers Co.**

To whom it may concern,

Abu Qir Fertilizer Company is specialized in Urea and ammonia fertilizers, in addition to the location at bay of Abu Qir created a very corrosive media for the steel structure.

We have tried Zinga coating system in different highly corroded locations for the last 3 years and we have found out that it has galvanization properties where we found no trace for rust or pitting corrosion inspite of the harsh corrosive media. Zinga gave us very satisfactory results which we didn't find with any other product even Hot Dip Galvanization.

Thanks to Los Amigos who presented us this product.
