

## OTIVESKI BRIDGE – ESTONIA

The Vaida-Urge highway is a 24.9 km-long road alongside Rae, Kose, and Kohila parishes. It connects the villages Vaida and Urge in Estonia.

At Otiveski village, a bridge crosses the Pirita river.

In 2015, the bridge was reconstructed with steel supporting beams protected with 180 µm DFT of **ZINGA**, offering a sustainable protection.

System:

ZINGA 2 x 90 µm DFT
