

FENCES of KREFELD FISCHELN Gardens – GERMANY

In 2009 the 100-year-old fences surrounding the monumental gardens of the Krefeld Fischeln Park were protected using **ZINGA**.

The surface preparation and application were done in a workshop.

System:

Surface preparation: SA2,5
and Rz 50-70µm

ZINGA 1 x 80 µm DFT
PU Topcoat
