

CARDBOARD FACTORY – ROSTOV ON DON – RUSSIA

In 2009, a cardboard producer in Rostov-On-Don decided to use **ZINGA** to repair their structures. Among these structures were 8 storage tanks for industrial waters, each with a surface of 500m².

A total of 800 kg of
ZINGA was used

System:
Surface preparation:
Blasting to SA 2,5 and Rz 50-70 µm
ZINGA 2 x 60 µm DFT

ZINGA protected wall inside the storage tank
