

Silos, cranes, conveyors – FAKIEH Poultry Farm – Jeddah, SAUDI ARABIA

The **FAKIEH Poultry Farm**, located in the Jeddah Islamic Port, is part of the **FAKIEH Group**, who is also owner of the “Al Tazaj” restaurants, model schools and leisure centers around Mecca.

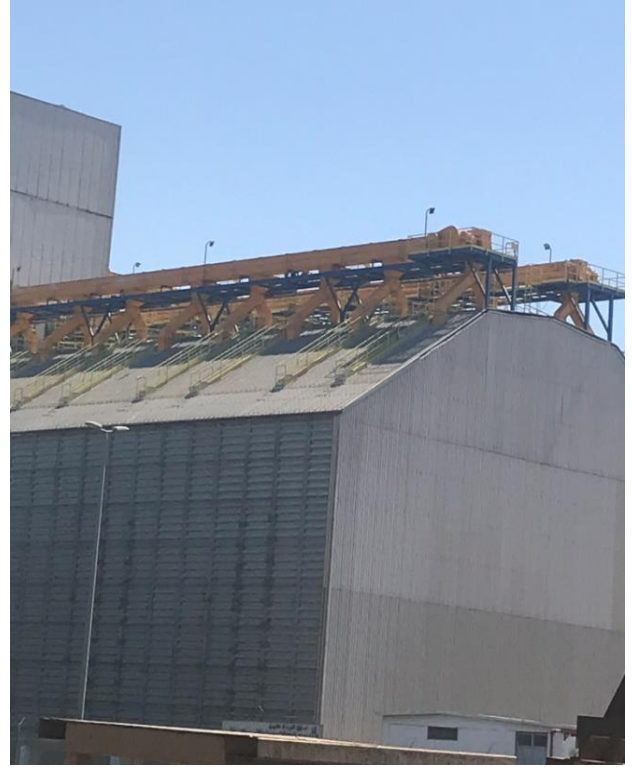

In 2018, **NABIL ABBAS ENGINEERING**, the Consultant of the **FAKIEH Group** decided to use **ZINGA** as primer for the refurbishment of several silos, conveyors, cranes and other steel structures of this **FAKIEH Poultry Farm**.

The blasting and painting works were realized by the **ZINGA** Distributor of Saudi Arabia, **B.P.C. (Building Products Company)**.

System:

- Surface preparation: High pressure fresh water jetting.
- Full blasting with copper slag.
- ZINGA 80 µm DFT
- Local mastic sealer 150 µm DFT
- Local PU topcoat 80 µm DFT

After application of the duplex system
